Dear Father,

Lottie and I arrived here all right and have been enjoying ourselves since. Have had beautiful weather and have taken in all the sights. Just now we are all confounded by some of Aunt Jennie's jokes. I think we have enjoyed our two aunts as much as any thing else. They have done everything for us and Lottie is delighted with them and I think they are very fond of her. They have both gone out with us several

times. We had a letter
from Richmond saying
that you and mother
had stayed over a
few days. Didn't the
papers give the fame
a puff. I will have to
tell mother about that.
We will be back Wed-
nesday except Lottie who
says she is going to
stay over!!! because
Jann is going hunting
don't you think she
is right. (Lottie dictated
this) You know how
it will be, so you will
see us both Wed.

Hope you will all be
L. on that day. Monday
