TAX BOOK FOR 1826 OF W.C. MOSELEY

The leather bound book includes a rough alphabetical listing of taxpayers of Buckingham County, VA, for 1826, which was kept by W.C. Moseley. It includes the amount of taxes owed for land, slaves, horses, and levies. There is also a note as to when the taxes were paid. No indication of where the taxpayers lived is listed; however, the names of most are listed in the 1830 U.S. Census for Buckingham County, Virginia.

W. C. MOSELEY

Any additional information on W. C. Moseley is unclear. The men whose names appear in the "Tax Book for 1826" are listed in District No. 1 of the land tax records for Buckingham County for 1826. However, there are two William Moseley, Jr. listings. No middle initial is given for either. William C. Moseley did buy land in Buckingham County in 1832 and 1837. He sold property there in 1836 and 1838; the first parcel being 3 miles west of the courthouse and on the Slate River; the latter, 8 miles southwest of the courthouse. [Roger G.
