Anecdotal Information	Designed by architect J. M. B. Lewis, and built in 1913, this is the largest and most elaborate of the many Queen Anne-style residences along Rivermont Avenue, as well as one of the best examples of Lewis' work in Lynchburg. Garage is an exceptional example of this style applied to an outbuilding. The second most expensive residence built in Lynchburg in 1913; the Gilliam Residence, 405 Madison Street was the first.
