EUCLID CHRISTIAN CHURCH (DISCIPLES OF CHRIST)

Euclid Christian Church began in 1904 with a young ministerial student from Virginia Christian College (now Lynchburg College). The student held a successful series of services in a tent which resulted in a many converts. When it was decided to establish a church, there were over 300 charter members. The congregation purchased a lot near Miller Park in Lynchburg and erected a frame building known as Park View Christian Church. In 1914, the old building was sold and the congregation purchased a lot on Euclid Avenue and the name of the church was changed to Euclid Avenue Christian Church. Although there were additions to the original building on Euclid Avenue, in 1956, the church needed room for expansion and purchased a lot on Memorial Avenue. The church name was then changed to Euclid Christian Church and was dedicated in 1957. A new sanctuary was added in 1966 and the church continued to thrive for a number of years. In December 2016, the Euclid Christian Church was closed due to loss of membership and an aging population. The church building was sold to Ramp Church.
