Dear Mr. Gibson:

Last year I prepared the attached guide for one of our regular Rucker Family Society reunions. Several participants from the Lynchburg area thought I should send copies to local libraries and museums for their genealogical sections. Mrs. Ruth McBride sent me your name as one of those with a possible interest. The Ruckers were early settlers in both Amherst and Bedford counties and are related to many other old families in the area.

Sincerely yours,

Lewis M. White
