## DIAMOND HILL

This popular residential area had its beginnings early in the 19th Century and was annexed into the city in 1870. It gained prominence around the beginning of the 20th Century with the construction of many large homes in the Victorian, Georgian and Colonial Revival styles by wealthy industrialists, tobaccoists, merchants, attorneys and professionals. Diamond Hill was listed in the National Register of Historic Places on October 1, 1979.
